

**CLEVER FRAME®**  
DOUBLE FRAME PYLON ASSEMBLY

# CLEVER FRAME®

## DOUBLE FRAME PYLON ASSEMBLY

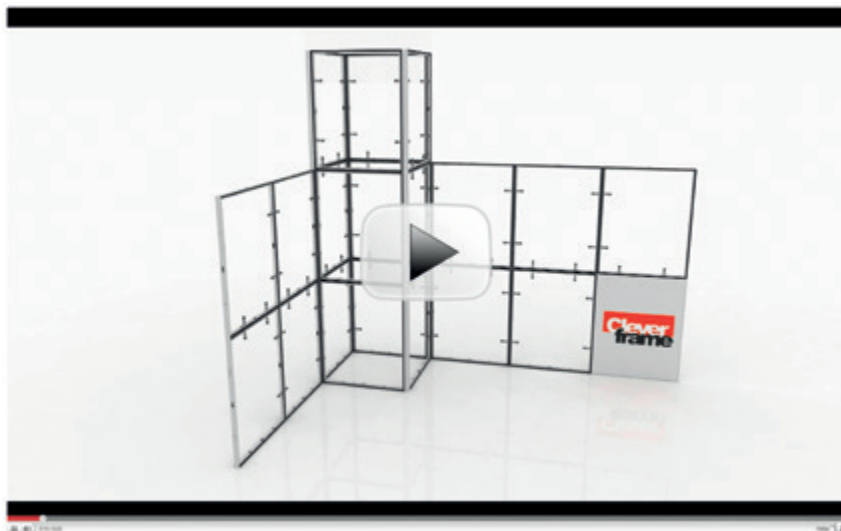

**Pylon assembly is simple and consists of 3 steps that are required to be taken in order given on the illustrations:**

- ① Put the pylon feet into the pylons' fence and tighten with wing screws.
- ② Place the frames on top of each other.
- ③ Tighten frames together with connectors.

### **Accessories:**

- ④ Tighten the leaflet holder to the side of the frame with special clamp, fastened with the front knob.
- ⑤ Attach magnetic graphic panels, starting from the lower frame.
- ⑥ Install the additional equipment using instruction provided with every element.
